Version: 27. May 2021

Disposable and consumable goods

Druk Eye Tours & Travels has commited to reduce waste:

In order to reduce waste Management and all Employees are requested at all times to

- actively reduce the use of disposable and consumer goods;
- avoid using plastic bottles whenever possible;
- avoid single use-plastic (plastic bags at the vegetable market and shops, plastic straws in drinks, etc);
- if using a Take-away-Service bring your container from home;
- buy locally produced products if it is of sufficient quality and available;
- buy products of paper with a FSC-Label (Forest Stewardship Council) when available. When you see the FSC Label on a product, you can be sure to purchase a product that supports responsible forest management;

- print paper on both sides;
- use cleaning materials which are non-hazardous;
- segregate all materials which can be recycled (paper, cardboard, glass, plastic, aluminium, batteries etc.);

Thank you for cooperating and caring.
