**POLICY**
**Sexual exploitation of children**

**Druk Eye Tours & Travels** condemns all forms of sexual exploitation of children and supports all acts of law made to prevent and punish such crimes. We expect that our customers, partners and all members of our staff refuse to take part in sexual exploitation of children, and that they report all cases of sexual exploitation of children of which they become aware of.

Breaching this policy may result in dismissal, reporting to the police and the end of ongoing collaboration.

Our actions include providing information to tourists and travellers about reporting sexual exploitation of children and training our staff on how to proceed in the event of a child protection case or emergency.

## Reporting

Employees who have suspicions of child sex tourist should act.
If any of our staff members (freelance guide, drivers, trekking crew) has suspicions of child sexual abuse, he/she should try to get more information about the alleged perpetrator and report this to the management of Druk Eye Tours & Travels immediately.

Based on information available, the management will decide if and what authorities and/or child care organizations will be informed.
