Version: 1. August 2019

Water reduction policy

Druk Eye Tours & Travels has commited to reduce water consumption.
In order to fullfil the policy and save water we (management and all employees) are requested at all times to

- check regulary if ther are any leakages and repair them
- do not let water running unnecessary

Energy reduction policy

Druk Eye Tours & Travels with all employees has commited to reduce energy consumption.
In order to fullfil the policy and save energy we (management and all employees) are requested at all times to

- switch off the lights, heating, etc. when leaving the room
- switch off computers, printers, copy machine, etc. when leaving the office
- equipment is, whenever feasible, switched off after office hours (not on 'standby').
- when buying new equipment we give preference to low energy equipment based on highest local available standards (talking into account price and quality considerations).
- Equipment is set by default in the energy saving mode.
